(the "**Fund**")

Notice is hereby given to the Unitholders of **CS Investment Funds 11 – Credit Suisse (Lux) USA Value Equity Fund** (for the purpose of this section, the "**Subfund**"), that the board of directors of the Management Company (the "**Board of Directors**") has decided to effect a series of corporate actions leading ultimately to the liquidation of the Subfund, which can be summarised as follows:

In a first step, the Investment Objective and Investment Principles of the Subfund will be aligned with the Investment Objective and Investment Principles of the **Credit Suisse (Lux) Global Value Equity Fund**, a subfund of **CS Investment Funds 2** (the "**Target Fund**"). Moreover, the investment portfolio of the Subfund will be aligned with the investment portfolio of the Target Fund.

In a second step, the Subfund will be converted into a feeder fund and will therefore invest via a subscription in kind at least 85% of its total assets in the Target Fund.

In a third and final step, immediately upon the completion of the second step, the Subfund will be liquidated in kind. As a consequence of such liquidation, the Unitholders of the Subfund will receive shares of the Target Fund and thus become shareholders of the Target Fund.

1. Amendment to the Investment Objective and Investment Policy of the Subfund

The Board of Directors has decided to amend the Investment Objective and Investment Policy of the Subfund to align them with the Investment Objective and Investment Principles of the Target Fund as follows:

Old Investment Objective and Investment Policy	New Investment Objective and Investment Policy
---	---

Investment Objective and Investment Policy

At least two-thirds of this Subfund's assets are invested in companies which are domiciled in the United States of America or which conduct the overwhelming proportion of their business activities there and are considered to be value stocks.

The value stocks are determined by the investment Manager on the basis of fundamental criteria such as price/book ratio, price/earnings ratio, dividend yield and operating cash flow.

The companies are selected regardless of their market capitalization (micro, small, mid, large caps) and sector within the United States of America. This may lead to a concentration in sector terms.

Furthermore, the Subfund may invest up to one-third of its assets in other equities and equity-type securities, subject to the investment restrictions set out in Chapter 6, "Investment Restrictions".

The Subfund will invest at least 51% of its total net assets in Qualifying Equity Instruments.

Investment Objective

The objective of the Subfund is to achieve the highest possible return in Euros (Reference Currency), while taking due account of the principle of risk diversification, the security of the capital invested, and the liquidity of the assets. The Subfund is actively managed aiming to outperform the return of the MSCI World (NR) benchmark.

Investment Principles

At least two-thirds of the Subfund's net assets are invested worldwide (including emerging markets) in equities and other equity-type securities and rights (American depository receipts [ADRs], global depository receipts, profit-sharing certificates, participation certificates, dividend rights certificates, etc.) of companies which are considered to be value stocks. The value stocks are determined by the investment manager on the basis of fundamental criteria such as price/book ratio, price/earnings ratio, dividend yield and operating cash flow.

Old Investment Objective and Investment Policy **New Investment Objective and Investment Policy**

Securities are selected irrespective of their market capitalization, sector or geographical location. This may lead to a concentration in geographical or sector terms.

For hedging purposes, and in the interest of the efficient management of the portfolio as well as for the implementation of the investment strategy the aforementioned investments may also be effected by way of derivatives, provided the limits set out in Chapter 6, "Investment Restrictions" are observed. Derivatives may be linked to security baskets or indices and shall be chosen in accordance with Art. 9 of the Grand-Ducal Decree of February 8, 2008.

The Subfund may invest up to one third of its net assets in equities and equity-type securities of companies not fulfilling the above requirements, cash, sight and time deposits, money market instruments, fixed income securities, which may include, but not limited to, bonds, notes, and similar fixed and variable interest rate securities, discounted securities issued by public, private and semi-private issuers worldwide (including emerging markets).

The Subfund may – subject to the investment principles set out above – invest up to 10% of its net assets in structured products (certificates, notes) on equities, equity-type securities, equity baskets and equity indices that are sufficiently liquid and are issued by first-class banks (or by issuers that offer investor protection comparable to that provided by first-class banks). These structured products must qualify as securities pursuant to Art. 41 of the Law of December 17, 2010. Moreover, these structured products must be valued regularly and transparently on the basis of independent sources. Structured products must not entail any leverage effect. As well as satisfying the regulations on risk spreading, the equity baskets and equity indices must be sufficiently diversified.

Furthermore, to hedge currency risks and to gear its assets to one or more other currencies, the Subfund may enter into forward foreign exchange and other currency derivatives in accordance with section 3 of Chapter 6, "Investment Restrictions".

The Subfund will invest at least 51% of its total net assets in Qualifying Equity Instruments.

Sections "Risk Information" and "Profile of the Typical Investor" of the Subfund's supplement in the prospectus of the Fund (the "**Prospectus**") have also been amended to reflect the above-mentioned changes.

As a result of these amendments, a major part of the portfolio of the Subfund will be traded in order to align the Subfund's portfolio to the one of the Target Fund, reflected above. Investors in the Subfund should note that transaction costs related to such sale and purchase of securities will be borne by the Subfund.

In addition, the valuation frequency of the Subfund will change from a daily to bi-monthly frequency. With effect as of 07 February 2020, the net asset value of the Subfund will only be calculated on the 16th and last day of each month (each such day a "**Valuation Day**"). Subscription, redemption and conversion orders submitted after 06 February 2020, 3.00 p.m. CET, will only be processed on the next Valuation Day. Investor should note that, in view of the various corporate actions contemplated in this notice, leading ultimately to the liquidation of the Subfund, there may not be any further Valuation Day after 07 February 2020. The amendments made to the valuation frequency will become effective for orders submitted as of 07 February 2020.

These amendments made to the Prospectus will enter into force as of 07 February 2020.

2. Conversion into feeder fund

The Board of Directors has further decided to amend the Investment Objective and Investment Policy of the Subfund to convert it into a feeder fund. Pursuant to these changes,

the Subfund will pursue a master-feeder strategy by investing at least 85% of its total assets in the Target Fund.

The Target Fund is a subfund of CS Investment Funds 2, an undertaking for collective investment in transferable securities in the legal form of an investment company with variable capital (*société d'investissement à capital variable*, SICAV), subject to Part I of the Law of December 17, 2010.

The Fund and CS Investment Funds 2 are both managed by Credit Suisse Fund Management S.A. and have appointed Credit Suisse (Luxembourg) S.A. as their depositary and Credit Suisse Fund Services (Luxembourg) S.A. as their central administration.

The amended Investment Objective and Principles of the Subfund and the Investment Objective and Principles of the Target Fund read as follows:

Investment Principles of the Subfund

Derivatives may be linked to security baskets or indices and shall be chosen in accordance with Art. 9 of the Grand-Ducal Decree of February 8, 2008.

The Target Fund may – subject to the investment principles set out above – invest up to one third of its net assets in equities and equity-type securities of companies not fulfilling the above requirements, cash, sight and time deposits, money market instruments, fixed income securities, which may include, but not limited to, bonds, notes, and similar fixed and variable interest rate securities, discounted securities issued by public, private and semi-private issuers worldwide (including emerging markets).

The Target Fund may – subject to the investment principles set out above – invest up to 10% of its net assets in structured products (certificates, notes) on equities, equity-type securities, equity baskets and equity indices that are sufficiently liquid and are issued by first-class banks (or by issuers that offer investor protection comparable to that provided by first-class banks).
