

Information to the shareholders of CREDIT SUISSE NOVA (LUX)

Credit Suisse Nova (Lux)

Investment Company with Variable Capital under Luxembourg Law

5, rue Jean Monnet,
L-2180 Luxembourg
R.C.S. Luxembourg B 111.925

(the “Company”)

Notice is hereby given to the Shareholders of **Credit Suisse Nova (Lux) Global Senior Loan Fund**, **Credit Suisse Nova (Lux) European Senior Loan Fund** and **Credit Suisse Nova (Lux) Fixed Maturity US Loan Fund 2021** (for the purpose of this point, the “Subfunds”).

Concerns about the spread of the novel coronavirus (“Covid-19”) have caused governments times to take measures to prevent the spread of the virus, including restrictions on travel and public transport and prolonged closures of workplaces. The outbreak of communicable diseases such as Covid-19 on a global scale has affected the investment sentiment and resulted in volatility in global capital markets, respectively adversely affected regional or global economies which in turn gives further rise to significant cost of trading to the Subfunds. In the assessment of the current market circumstances during this period of the current global economic and financial crises, a considerable rapid decrease of liquidity on specific segments of the bond markets was noticed, and credit spreads are widening to reflect increased global credit risk, manifesting itself most recently in emerging markets and in the sovereign spreads.

Considering the foregoing and in order to protect and to ensure that the remaining investors in the Subfunds are not impacted by the transaction costs incurred as a result of an increase in volume and value of redemptions, **the Board of Directors has decided to implement the swing pricing mechanism for the Subfunds with immediate effect for the Net Asset Values calculated as from 27 March 2020 and applicable to any pending orders and any future orders going forward. The list of Share Classes subject to this change is indicated below.**

The Shareholders are informed that the prospectus of the Company has been updated accordingly, with the amendment of the Subfunds’ supplements under Chapter 22, “Subfunds” to include the following new paragraph in relation to the swing pricing mechanism:

“Adjustment of the Net Asset Value (Single Swing Pricing)”

The Net Asset Value calculated in accordance with Chapter 8, “Net Asset Value” will be increased by up to a maximum of 2% per Share in the event of a net surplus of subscription applications or reduced by up to a maximum of 2% per Share in the event of a net surplus of redemption applications in respect of the applications received on the respective Valuation Day.

Under exceptional circumstances the Company may, in the interest of Shareholders, decide to increase the maximum swing factor indicated above. In such case the Company would inform the investors in accordance with Chapter 14, “Information for Shareholders”.
