

Holger Frey

Senior Portfolio Manager

About

Holger Frey, Director, has over 17 years of professional experience in thematic public equities as a buy-side analyst, lead portfolio manager, and financial consultant for the asset and wealth management industry.

Career

Holger Frey joined the Credit Suisse Asset Management Thematic Equity team on March 1, 2021, as lead Portfolio Manager for the Credit Suisse (Lux) Environmental Impact Equity Fund.

Holger started his career in 2004 as a financial consultant and moved to Deutsche Asset and Wealth Management in 2006. From 2008, Holger focused on the themes of nutrition, water, and environmental technology, and later became portfolio manager of the DWS Water strategy. In 2016, he moved to RobecoSAM in Zurich as a lead portfolio manager, where he developed the Circular Economy strategy.

Education

Holger holds a Dipl.-Inf. (FH) degree in Computer Science and Media from the Fulda University of Applied Sciences and a Bachelor of Arts in Musicology from Goethe University Frankfurt. He has been a CAIA charterholder since 2008.
